

Eight Amazing Fun Facts About Bees!

1. **Bees are Important Pollinators:** Bees help plants make new seeds and fruits by transferring pollen from one flower to another.
2. **Queen Bee Rules:** In a bee colony, there is a special bee called the queen bee. She is the leader and lays all the eggs.
3. **Worker Bees are Girls:** Most of the bees you see flying around are female worker bees. They collect pollen, make honey, and take care of the hive.
4. **Bees Dance to Communicate:** Bees do a special dance called the "waggle dance" to tell other bees where to find food.
5. **Bees Have Five Eyes:** Bees have two big eyes and three tiny eyes on the top of their heads.
6. **Bees Make Honey:** Bees collect nectar from flowers and turn it into honey inside their hive. Yummy!
7. **Bees Live in Colonies:** Bees live together in big groups called colonies. Each colony has thousands of bees!
8. **Bees Have a Special Job:** Different bees have different jobs in the hive. Some guard the hive, some clean it, and some take care of the baby bees.
